

Please amend the application as follows:

In the Claims:

Please cancel non-elected Claims 13-17.

Please amend the claims as follows:

1. (amended) An improved electrical apparatus configured for resistance to atmospheric effects; the apparatus including at least one electrical device and a package structure comprising an electrically insulating component, said package structure substantially enclosing said at least one electrical device; the improvement comprising: involving a corrosion-resisting agent with said electrically insulating component of said package structure.

8. (amended) An electrical apparatus having resistance to atmospheric effects; the apparatus comprising at least one electrical device and a packaging structure comprising an electrically insulating component; said packaging structure substantially enclosing said at least one electrical device; said electrically insulating component of said packaging structure including a corrosion-resisting agent.

Please add the following new claims:

18. The electrical apparatus of Claim 1, wherein said electrically insulating component is a package body that contains said electrical device.

19. The electrical apparatus of Claim 1, wherein said electrically insulating component is a substrate upon which said electrical device is supported.
